

## BUILDING AND HOUSING

SMALL CIVIL AND BUILDING WORKS

# ELANDSFONTEIN PHOSPHATE MINE

### CLIENT:

Kropz Elandsfontein (Pty) Ltd

### LOCATION:

Langebaan, Western Cape

### COMMENCEMENT:

March 2017

### COMPLETION:

August 2017

### PROJECT OVERVIEW:

Kropz Elandsfontein appointed local Western Cape contractor Axsys Projects to carry out small civil and building works for the new phosphate mine at Elandsfontein.

The scope of work awarded to Axsys Projects involved the construction of a heavy mine vehicle workshop with geologist offices, mine plant wash bay, entrance gate house and associated works, plant store area waste skips and site-wide paving for roads and walkways. This involved earthworks, concrete, masonry and structural steel.

One of the conditions of the contract was the use of local labour and contractors.
