CONTROL DAMS & STORMWATER SUMPS

CLIENT:

South 32 SA Coal Holdings (Pty) Ltd

LOCATION:

Ogies, Mpumalanga

COMMENCEMENT:

22 May 2018

COMPLETION:

expected completion July 2019

PROJECT OVERVIEW:

A joint venture, between Stefanutti Stocks Construction and Mining and its Voluntary Rebuild Programme (VRP) partner Axsys Projects, was awarded the contract to construct four pollution control dams and two storm water sumps that form part of the South 32 Klipspruit Colliery life of mine extension project.

The contract is part of the South Africa Energy Coal's Klipspruit colliery R4,3 billion life of mine extension project, which will see the life of the mine extended to 2037.

The joint venture commenced work on site on 2 of May 2018 and is expected to be completed by 31 July 2019.
